The Purchase Price1 and Purchase Price2 were determined at a “willing-buyer willing-seller” basis after arm’s length negotiations by reference to the fair market values of the Sale Shares1 and Sale Shares2 evaluated by an independent valuer by using the following methodologies:

- Discounted free cash flow to firm method; and
- Relative valuation approach method – Price Earning Multiple.

F. SOURCE OF FUNDS

The total Purchase Price1 and Purchase Price 2 of RM7,500,000.00 payable by BCB will be funded through internally generated funds.

Save for the above, there is no other additional financial commitment required at this current juncture.

G. RATIONALE AND PROSPECTS

The Acquisition-OSF is driven by the strategic advantages of enhanced control and financial consolidation. By becoming the major shareholder, BCB can exert greater influence over OSFs strategic direction and operational decisions, enabling the effective implementation of business strategies to optimise growth potential and profitability.

The Acquisition-OSF also allows BCB to consolidate OSF's financial statements, strengthening the overall financial position of the group. The resulting increased revenue visibility and financial stability are expected to enhance shareholders value in the long term.

Furthermore, the Acquisition-OSF positions BCB to benefit from the growing residential and business activities in the surrounding areas, which are anticipated to increase customer traffic and expand business opportunities for OSF.

H. RISK FACTORS

OSF was already a 30%-owned associate company of BCB prior to the Acquisition-OSF with two board representations. The Group does not foresee any exceptional risks in connection with the Acquisition-OSF other than the normal operational risks associated with OSB's business. The Company will take the necessary steps to address and mitigate the risks.

The Board believes the Acquisition-OSF reflects BCB's commitment to sustainable growth and long-term value creation for its shareholders.

I. FINANCIAL EFFECTS

I1. Share Capital and Substantial Shareholders' Shareholdings

Both the Acquisition-OSF1 and Acquisition-OSF2 will not have any effect on the share capital and the shareholdings of substantial shareholders of Bonia as they do not involve any issuance of shares in BCB.

I2. Net Assets, Net Assets per share and gearing

The Acquisition-OSF is not expected to have material effect on the Net Assets, Net Assets per Share and Gearing of BCB Group for the FYE 30 June 2025.

I3. Earnings and earnings per share ("EPS")

The accounting impact arising from the derecognition of OSF as an associate company and recognition as a 90%-owned subsidiary is still being assessed and has not been finalised. Such one-off accounting impact is expected to have a positive impact on the earnings and EPS of the group. However, the quantum can only be determined at a later stage. The Acquisition-OSF is expected to contribute positively to the future Earnings and EPS of BCB Group as a 90%-owned subsidiary.

J. ESTIMATED TIMEFRAME FOR COMPLETION

Barring any unforeseen circumstances, both the Acquisition-OSF1 and Acquisition-OSF2 are expected to be completed by the third quarter of year 2025.

K. PERCENTAGE RATIOS AND APPROVAL REQUIRED

Below are the highest percentage ratios applicable to the Acquisition-OSF and calculated pursuant to Paragraph 10.02(g) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad based on the AFS of BCB for the FYE 30 June 2024:

Transaction	Highest percentage ratio
Acquisition-OSF1	1.83%
Acquisition-OSF2	0.93%
Total:	2.76%

Accordingly, to the best knowledge of the Board of BCB, the Acquisition-OSF1 and Acquisition-OSF2, individually and collectively are not subject to the approval of shareholders of BCB.

L. INTEREST OF DIRECTORS AND MAJOR SHAREHOLDERS AND/OR PERSONS CONNECTED WITH THEM

None of the directors, major shareholders and/or persons connected with them have any interest, whether direct or indirect, in both the Acquisition-OSF1 and Acquisition-OSF2.

M. STATEMENT BY DIRECTORS
